Tasting menu

We are happy to invite the bride and groom to sample the wedding menu. Additional guests pay the menu price of CHF 115.00. Drinks are charged to all guests according to actual consumption. The wines are tasted and selected during the tasting menu.

Please note that tasting menus are available Monday through Thursday at lunchtime and in the evening. Unfortunately, due to the increased number of guests at weekends, we are unable to offer you sufficient consultation time. Please send us your choice of dishes (maximum of 2 options from the starters, main courses, and desserts) and the number of accompanying guests (maximum of 4 people including the bride and groom), as well as who will be trying which menu and/or any children, approximately 4 weeks in advance.

Guidelines for wedding gifts

We kindly ask you to have the gifts you have received from your guests placed in the bride and groom's room in the evening by the witnesses or family members. The hotel accepts no liability or responsibility for these gifts.

Guidelines for rose petals and confetti cannons

Real rose petals may be scattered on the ceremony lawn, but they must be collected again after the ceremony. We are happy to take care of this task and charge CHF 75.00 per hour. The scattering of artificial rose petals is not permitted. If the ceremony takes place in the hall, it is not permitted to scatter real or artificial rose petals due to the flooring. Any resulting cleaning costs will be charged to the customer.

Guidelines for sparklers

In general, sparklers and similar items are not permitted inside the rooms.

Outside, there is no problem with the fire alarm if you are far enough away from the doors/windows and the smoke cannot drift inside.

However, there is one condition for outdoor areas: guests must NOT place the burnt sparklers on our furniture to clap and they must be ACTIVELY collected by one of your guests in a metal container BEFORE the guests place their burnt sparklers on our bar or lounge tables.

This is because we have had several weddings in recent years where our inventory has been burned by used sparklers to such an extent that we have already had to replace various items.

It is important that all guests are instructed to keep them in their hands until they are collected by your witnesses, etc.

We know that this is an additional expense, but we have already had considerable damage (to tablecloths, etc.).

Guidelines for fog machines or smoke machines

We ask for your understanding that fog machines are generally not permitted at our venue. As we have not had good experiences with various fog machines in recent years, our management has decided to no longer allow fog machines, sparklers, mini torches, sky lanterns, etc. LED wands or glow bracelets are also very suitable alternatives for creating a special effect.

Guidelines for sky lanterns

Please understand that you are not allowed to release sky lanterns into the sky on our premises, as the wind often blows from the lake and there are various buildings and a forest behind our hotel.
